MEMORANDUM FOR: (See internal distribution)

STAT FROM:

Deputy Director for Legislation
Office of Congressional Affairs

SUBJECT: Draft Intelligence Community Legislative
Program for First Session of the 101st
Congress: Call for Items

1. This memorandum initiates the process of formulating the Intelligence Community Legislative Program for the First Session of the 101st Congress by soliciting your comments for items to be included therein. The program, when finally prepared, will be submitted to the Office of Management and Budget (OMB) by the Director of Central Intelligence.

2. OMB requires the head of every Federal agency to submit each fall a proposed legislative program for the session of Congress which begins the following January. The program is submitted along with the proposed budget for the next fiscal year.

3. Attached at Tab A is a copy of a draft program. We ask for your comments and suggestions for new proposals by 5 August 1988.

4. With respect to new proposals, it is not necessary to submit specific statutory language. A description of each problem or goal, accompanied by an explanation of why it is thought legislation is necessary to solve or achieve it, is sufficient. All suggestions should also be accompanied by your views as to whether or not the proposal has Intelligence Community applicability.

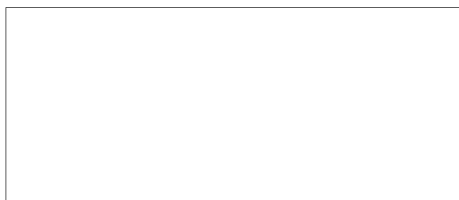

5. While we do not wish to discourage meritorious personnel proposals, please keep in mind that the Congress has indicated its general unwillingness to consider such proposals until receipt of the report of the Commission studying Community personnel systems (the "NAPA Commission").

6. The draft currently contains only one item: The FY '90 Intelligence Authorization bill. With the coming of a new Congress and a new Administration, we thought it useful to begin with a "clean slate", avoiding any carry-over items. You, however, may resubmit old items, including (on a "contingent-on-passage" basis) items currently under consideration by the Congress.

7. I have also attached at Tab B our schedule for completing the Legislative Program and Intelligence Authorization bill.

8. A memorandum similar to this one is being sent to appropriate offices throughout the Intelligence Community.
